SALT IN BOTH WELLS

Railroad Well Hits Salt at 1100 Feet, and Hot Springs Company Encounters Same at 400

The Hot Springs Oil Company now have their well down something over 400 feet and work is progressing nicely. They are now going through a strata of clay salt, of a sticky "gumbo" nature. Those in charge of the well are very confident of the prospects for oil at a lower depth.

The railroad well is now down 1150 feet. At the 1100 foot mark they struck a strata of rock salt which lasted for some 20 feet. The work is getting along exceptionally well and those in charge of the well are to be congratulated.

Ladies' Aid Society

The first meeting of the Ladies' Aid society of the local M. E. church for the new year was held Tuesday afteroon at the residence of Mrs. T. T. Swift. Election of officers resulted as follows: President, Mrs. T. T. Swift; vice-president, Mrs. J. M. Foster; secretary and treasurer, Mrs. H. E. Dunlap. The society determined to give an ice cream social with a literary and musical program on Thursday evening, Sept 27, at the M. E. church, the proceeds to be applied to the pastor's salary.

Several new members were added to the roll.

After the consideration of various matters of business refreshments were served by the hostess.

Among the items of interest reported was the fact that the materials for the proposed improvement on the church building for which the ladies are furnishing the funds, are now on the ground and work is to be commenced immediately.

MRS. H. E. DUNLAP,
Secretary.

Why Not Brodie?

Henry C. Ide has retired from his position as governor of the Philippines and transferred his office to his successor, General James F. Smith in a quiet manner, and without any spectacular incidents. Goveroor Smith took the oath of office and then held a long conference with ex-Governor Ide.

The appointment of General Smith to the governorship has created a vacancy in the Philippine commission, which is not yet filled. It is quite probable that Colonel Alexander O. Brodie will be promoted to this vacancy. He is a warm, personal friend to Mr. Roosevelt, and Teddy is noted for taking care of his friends.

Jointists Nominate

Phoenix, Sept. 17.—The territorial joint statehood convention was held today and nominated Charles F. Ainsworth of Phoenix as a delegate to congress. The platform adopted endorses Roosevelt and invites the labor vote. It was a mass meeting, rather than a convention, for no county organization exists. The chairmen was T. A. Wilson, who, as president of the joint statehood league, called the convention and fixed the apportionment of each county.

Ice Cream Social

The Ladies Aid Society of the M. E. church of Safford will give an ice cream social with a literary and musical program in the church Thursday evening of next week, Sept 27, 1906.

The proceeds will be applied on the pastor's salary for the closing year. Admission 25 cts., including refreshments; children 15 cts. All are invited.

ICE PLANT FIRE

The Safford Ice and Creamery Plant Badly Damaged by Fire--Origin of Fire Unknown

Early last Sunday morning the people of Safford were awakened by pistol shots to find the ice and creamery plant on fire. It was first noticed by Mr. Prina about four o'clock as he started down town to fire up preparatory for the day's work.

The alarm was at once given, and it is commendable of our people to say that the response was prompt and liberal. Willing help soon emptied the big store rooms of every and all things movable and then set to work to stop the fire. The only resources at hand were buckets, ropes and ladders; but good use was made of these, and by nine o'clock the fire was under control.

The loss sustained will be in the neighborhood of $2500. The walls of the building were not damaged. The engine and boiler rooms and tower suffered heavier than any other part of the building. The tower and tank are almost a total loss. It seems that the fire originated on the outside somewhere about the tower.

Mr. Prina informs us that the plant will be able to resume operations in about thirty days, and that they have a supply of ice on hand sufficient to last until it starts up again.

Whether or not the fire was of incendiary orgin is one of the secrets that the stalking cover of night holds alone, but there is one thing sure. fires in Safford are getting mighty regular and almost invariably on some night after holidays.

The financial loss is very heavy on Messrs. Prina and Olney, and is shared indirectly by every business man in town.

This ought to be an object lesson to hurry the city council to put in a fire department.

Territorial Fair Notes.

Fair week, November 12-17, 1906. Make your preprations now to attend all week. Send something to exhibit. Help make the fair a success.

Did you get one of the premium lists? If not, ask the commissioner of your county for one, or send a postal to the fair office, and one will be mailed you.

Remember that exhibits will be transported free. This will include evey kind of an exhibt. See the conditions in the general rules.

The speed department reports bright prospects for some splendid racing. The purses offered are large enough to attract some of the fastest horses in the country, and to lovers of racing, a great treat is promised.

Don't forget the dates—November 12-17, 1906.

The Breath of Life

It's a significant fact that the strongest animal of its size, the gorilla, also has the largest lungs. Powerful lungs means powerful creatures. How to keep the breathing organs right should be man's chiefest study. Like thousands of others, Mrs. Ora A. Stephens, of Port Williams, Ohio, has learned how to do this. She writes: "Three bottles of Dr. King's New Discovery stopped my cough of two years and cured me of what my friends thought consumption. O, it's grand for throat and lung troubles." Guaranteed by all druggists. Price 50c and $1.00 Trial bottle free.

Do you want to be attired correctly. Moral: Go to the Cyclone store; by one of those swell dress patterns and a Warriers rust proof corset—nuf ced. 30-1t.

A BUSINESS LUXURY

A CHECKING-ACCOUNT is a business necessity; and he who tries to get along without one is at great disadvantage.

It is not required that a person should have a large bulk of business in order to open an account.

Professional men, farmers, and even many women, are running checking-accounts. If you have never done business in this way, and are not familiar with the plan, come to us and we will get you started.

A NEW PHONE LINE

Stanley Butte Copper Company Installs Telephone Connection with Outside World---Rich Strike

The Stanley Butte mining property promises to rank among the best producing mines in the county, are just now installing a telephone line from San Carlos out to their base of operations. The wire and poles are already on the ground and a large force of men are hurrying along the work. Communication by this means will soon be established direct to the mines.

This company also has a force of twenty men at work on their wagon road straightening out curves and cutting down grades for heavy hauling of ore. When completed this will be one of the best wagon roads in Graham county.

At the mines they have lately opened up a fine body of ore in the Belle shaft No. 2. It is a high grade of sulphide, and promises good. There is no doubt that this property will soon become one of the greatest producers in the county.

Bud Neil returned the first of the week from Gold Hill, New Mexico, where he has some mining property that gives an assay of gold of $150 to the ton. He has done considerable development work on his property and has very flattering prospects of something real good.

General Robert E. Lee

was the greatest general the world has ever known. Ballard's Snow Liniment is the greatest liniment. Quickly cures all pains. It is within the reach of all. T. H. Pointer, Hempstead, Texas, writes: "This is to certify that Ballard's Snow Liniment has been used in my household for years and has been found to be an excellent liniment for rheumatic pains. I am never without it."

Starving to Death

Because her stomach was so weakened by useless drugging that she could not eat, Mrs. Mary H. Walters, of St. Clair St., Columbus, O., was literally starving to death. She writes: "My stomach was so weak from useless drugs that I could not eat, and my nerves so wrecked that I could not sleep; and not before I was given up to die was I induced to try Electric Bitters; with the wonderful result that improvement began at once, and a complete cure followed." Best health tonic on earth. 50cts. Guaranteed by all druggists.

T. P. Geer, cashier of the First National Bank of Clifton, is in the city on business matters. He says that their bank has done a greater volume of business the past quarter than ever before in its history.

The October Smart Set

Stories of newspaper life that have made any lasting impression are few. One that will be certain to be remembered opens the October number of the Smart Set. William R. Lighton is the author, and he has chosen the appropriate title of "The Rules of the Game." The great human note in the story will make a strong appeal to every reader, and the clever way in which the plot is manipulated will win admiration.

She Found Relief

If you are troubled with liver complaint and have not received help read this. Mrs. Mary E. Hammond, Moody, Texas: "I was in poor health—with liver trouble—for over a year. Doctors did me no good and I tried Herbine, and three bottles cured me. I can't say too much for Herbine, as it is a wonderful liver medicine I always have it in the house. Publish where you wish."

DOWIE NOW AN OUTCAST

Volivia Now the Head of Zion Crty ---Eiected Almost Unanimously, and not a Vote for Dowie

Chicago, Sept. 19.—Wilbur Volivia was chosen today by the people of Zion City as their leader by the overwhelming vote of 1911 to 6 for his opponent, A. N. Bills. The election was held today under orders of United States Judge Landis, who was asked some time ago to settle the controversy between John Alexander Dowie, founder of the church, and Volivia, as to who should have control of Zion City.

Believing that the best way to settle the difficulty was to let the people of Zion City choose their own leader, Judge Landis ordered the election and today's vote is the result.

The action of the Zionists today practically makes John Alexander Dowie an outcast from the religious organization which he established several years ago, and which has now grown to large proportions.

Dowie, who is feeble in health, refused to recognize the authority of the court in ordering the election, and did not present himself as a candidate.

Out of the total vote of 1,917 cast, half of them were by the women of Zion City, who went to the polls singing hymns, cast their votes and then knelt in prayer at the door of the voting place.

Plunges into Politics

Washington, Sept. 18.—The executive council of the American Federation of Labor today adopted the report of the labor representation committee regarding its participation in the political campaign, and in that connection adopted a resolution authorizing the committee to continue the campaign to its conclusion for the attainment of the largest degree of success, for the promotion of the rights and liberty of working people and the people generally.

Come out Saturday and vote your ticket.

Benedict Arnold and C. F. Ainsworth sound very much alike to us.

Remember the primary election for safford will be held in Judge Fonda's office.

Judas Iscariot sold out for thirty pieces of silver. What consideration touched Judge Ainsworth.

Mrs. J. N. Robinson returned yesterday from Globe, where she has been with her home folks for the past ten days.

Judge Fonda informs the GUARDIAN that by mutual consent of the inspectors of the different political parties that the primary election will held in the J. P.'s office' where booths and tables will be arranged. This change was necessary on account of objection at the school house. All voters will please take notice and act accordingly.

Yesterday near Bryce a serious, if not fatal, accident happened to the little son of Hiram Claridge, Master Munroe. Both were in a wagon driving along the road and just as they were crossing a ravine the little boy fell out and the wagon wheel passed over his head The injury inflicted is very painful and is feared may result seriously. Dr. Platt was called in attendance and reports the patient resting as well as could be expected under the circumstances.

District court convenes at Solomonville, October 1st. A heavy docket is on hand and much interest is centered in this term of court

It is understood that Judge and Mrs. Nave will return about the twenty-fifth.

No man who favors joint statehood should be allowed to go as a delegate to the county conventions.

Remember your homes Saturday—vote only for men who are friends to Arizona.

MEXICAN HOLIDAY

Mexicans of Safford Appropriately Observe Their Natal Day. Races and Other Sports

The Mexican contingent of Safford did themselves proud, Saturday, giving one of the most elaborate and successful celebrations ever held in Graham county.

The morning exercises opened at six o'clock by firing a gun for each state in Mexico.

The program was taken up at nine o'clock and carried out as follows:

First—A wheelbarrow race of five boys. Master Willie Hooks won the prize.

Second—A potato race in which Johnny Jones won the prizes.

Third—A race to catch a greased pig. The pig refused to run and no prize was awarded.

Fourth—was the effort to climb the greased pole. The pole was a three-inch iron pipe and desperate efforts were made but no one could climb it, and a dollar each was awarded to five contestants.

Fifth—was the old time Mexican rooster pulling. No one was able to lift the rooster out of the ground and no prize was awarded.

Sixth—ring tournament, in which Tom Hooks won the prize.

IN THE AFTERNOON

First—One half mile dash between horses entered by Johnson, McKinney and Gray. Johnson horse won by a close finish. Prize $75.00.

Second—A trotting race of three heats won by John Birdno's colt by two out of three in 1:8 half mile. Prize $20.00.

Third—Quater mile dash between Johnson, Madsen and Hansen. Johnson's horse won by half length. Prize $20.00.

Fourth—Free for all Mexican pony race. Won by Estrada's bay mare. Prize $20.00.

The whole affair was indeed a success. Not a drunk or an arrest made during the entire day. The Mexican population are to be congratulated.

W. S. Musgrove has been in the valley for some ten days, left this morning for Ft. Worth, Tex., with two carloads of horses bought in valley.

There was a break in the San Jose canal last Friday about two miles below the head that caused a considerable overflow of land. The break was soon repaired and the water is now back in the main channel.

Saturday C. W. Smithson of Eden, presented the GUARDIAN with a quart bottle of molasses made from home-grown sugar cane—what we call back home "sorghum." It is the very best quality of molosses and is additional evidence that the Gila valley "grows the best."

Bookkeeper Patterson, of the First National bank, left yesterday morning for McLean, Texas, where he goes to take charge of the bank purchased by the stockholders of the local bank. Mr. Patterson has many friends who will regret to see him depart.—Globe Telegram.

U. S. Commissioner Colton discharged two United States prisoners last Thursday, who had served thirty days in the county jail for non-payment of fines. Their names are Felix Lechuge and Mariano Moreno. The law provides such discharge under revised section 1042.

At a mass meeting held at Globe a few days ago the citizens of that place decided almost unanimously to proceed with incorporation. Globe is probably the largest place in the Southwest that is not incorporated and a great deal larger than many towns that have reason to be quite proud and boastful.

The El Paso store is now a "thing of beauty" inside. Mr. Simon has the best, largest and most carefully selected stock of merchandise to be found in the Gila valley. He is selling at prices that startle the most doubtful. You will be surprised when you call and see his large stock of goods. It costs you nothing to be convinced. 30 1t

The following parties left Safford this week to locate coal lands in the Mogollon mountains: T. Cunningham, T. O'Brien, T. D. Hooks, Ed Branch, Joe McKinney, Ben Parks, Nat Wanslee and Miles Reary. It is an open secret that these parties have "something good." The lands they will locate have been surveyed and a test made of the coal that will open the eyes of everybody.

Old Mexico Letter

School days have come once more. School started August 27th with a very good attendance. So many students from other colonies gives the town the appearance of thrift and activity.

Juarez herself shows thrift in every feature and is a marvel to all who visit her, and the visitor wonders where her resources are and how the inhabitants are able to build such fine homes and the two large school buildings, the old and new academies, which will accommodate about 500 students, it all shows enterprise and public spirit among the people. Nearly every city lot has a fine orchard upon it and this year the trees are laden with more fruit than they are able to carry. Tons of peaches have laid under the trees and rotted because they could not be used by the owners or given away. The cannery has handled but little fruit so far this year and the dealers would only handle the best. The excessive rains have rendered it impossible to dry scarcely any peaches at all. Our corn crops are excellent and grass plentiful, cattle are fat and everthing tends to make the people look pleasant.

Willard Skonson and N. O. Robinson, who have been railroading in Sonora along the Yaqui river, have sold part of the outfit and are going down near Parrol in the southern part of this state. They have found it pretty hot spending the summer down among the Yaquis. G. A. Martineau, who has also been running a camp in that part is spending a short time here.

The health of the people in general is good. Phil Robinson, who has been suffering from typhoid fever for some time is improving slowly.

P. C. Hanie of Oaxaca, has recently purchased a home here and is moving his family here, having sold most of his property in that place.

I heartily sanction the stand the GUARDIAN has taken in protecting the rights of the citizens of Arizona. It makes no difference what scheme may be devised to rob a people of their rights, there is always some one who is short-sighted enough to sell their birthright for a mess of pottage. Stand by your rights and make Arizona a state alone, or let her always remain a territory.

ARTICLES OF INCORPORATION

of the

Producers Milling Company

KNOW ALL MEN BY THESE PRESENTS:

That we the undersigned persons, and named herein, have associated ourselves together for the purpose of forming a corporation, under the laws of the territory of Arizona, and have adopted the following as our Articles of Incorporation, to-wit:

ARTICLE I. The name of this corporation is the Producers Milling Company and the names of the persons forming the same, are M. F. Swanger, O. F. Webster, J. D. Lee, William Johns, D. H. Weech, C. M. Layton and H. L. Norton, and the principal place of transacting its business is at the town of Thatcher, Graham county, territory of Arizona.

ARTICLE II. The general nature of the business to be transacted by this corporation, is the acquiring by purchase, building or otherwise of mills and milling property, and the lands on which they are situated and appurtenant thereto, in the territory of Arizona, or elsewhere, and the operation of the same by steam, electricity, or other motive power in the manufacture of flour and other mill-stuffs, on its own account, or for others for hire or toll, the dealing in all kinds of grain, or other farm products, and in all kinds of real estate and personal property including merchandise of every class.

ARTICLE III. The capital stock of this corporation, shall be twenty-five thousand ($25,000.00) dollars, divided into twenty-five thousand (25,000.00) shares of the par value of one ($1.00) dollar per share. That not less than nine thousand ($9,000.00) dollars of the said capital stock shall be paid into the corporation, immediately upon it being fully authorized to commence business, for which certificates of stock shall be issued, and the remainder of the capital stock to be paid into the company at such times and on such conditions as shall be determined by the board of directors.

ARTICLE IV. The corporation shall commence its business immediately upon the filing of these articles for record in the office of the county recorder of said Graham county, and a certified copy thereof in the office of the auditor of the territory of Arizona, and it shall endure for twenty-five (25) years thereafter.

ARTICLE V. The affairs and business of this corporation shall be conducted and controlled by a board of directors composed of seven (7) members, all of whom shall be stockholders. Said board of directors shall elect one of its members as president and one of its members as vice-president, and also shall elect a secretary and treasurer.

ARTICLE VI. The annual meeting for the election of directors, and the transaction of all general business for this corporation shall be held on the first Monday in June of each and every year, and M. F. Swanger, O. F. Webster, J. D. Lee, William Johns, D. H. Weech, C. M. Layton and H. L. Norton, the corporators hereof and stockholders herein shall constitute the first board of directors, and until their successors are elected and qualified.

ARTICLE VII. The highest amount of indebtedness or liability to which this corporation shall at any time subject itself, shall not exceed two-thirds (⅔) of its capital stock.

ARTICLE VIII. The private property of the stockholders shall be exempt from corporate debts.

In witness whereof, we have hereunto set our hands on this the 6th day of August, A. D., 1906.

Two Bits Made.

Having in stock a large number of fruit jars and being crowded for room on account of the recent arrival of immense quantities of other goods wehave decided to make the following reduction on fruit jars for a few days:

Quart jars from $1.00 to 75 cents per dozen.

Two quart jars from $1.25 to $1.00 per dozen.

Come quick and get all the jars you need before they are all gone.

Democratic Platform

Dr. Hughes, of Maricopa county, chairman of the platform committee, read the platform as follows:

Actuated by the plainest dictates of self interest and, as we believe by the loftiest motives of patriotism as well, we declare again our intense opposition to the union of Arizona with New Mexico into one state. We further proclaim our unswerving purpose to maintain the independence, the intergrity and automony of Arizona by resisting in every legitimate way known to free men the effort now being made by designing persons to join this territory in an unjust, unequal and ruinous union with the overwhelming population of New Mexico, and to this purpose we pledge the vote of our party in the coming election. And to secure the defeat of this unholy alliance, we call with confidence on every citizen of Arizona of whatever political party to unite with us in preserving inviolate the laws, customs and institutions of our commonwealth from the exploitation of New Mexico.

Under hardships and disadvantages unknown to other state builders the people of Arizona have reared a great commonwealth of which they are fond and of which they are justly proud. To them alone is the honor and glory of this achievement. They have by exercise of high civic virtues put into easy and successful operation every energy of a great and prosperous state; and they look with natural horror on any proposal to violate the promise made by congress to Arizona in our organic act; by uniting them again to New Mexico from which they were, for potent and proper reasons, separated more than forty years ago, by the influence and advice of Abraham Lincoln.

We are now, by every rule heretofore invoked, entitled to separate statehood, and we reaffirm our determination to remain yet a territory rather than enter into a union odious to our state pride and dangerous to the peace and happiness of both territories.

Patriotism demands opposition to joint statehood, and on the broad ground of devotion to our commonwealth all political parties can meet and with one accord, save the state.

We are unalterably opposed to joint statehood between Arizona and New Mexico, and would prefer to remain a territory forever than to accept statehood under such conditions.

We declare for an honest and equal taxation of all property justly subject to the same, including mines and corporations, without discrimination in favor of anyone whomsoever, so that the wealth of the country may bear its full proportion of the burdens of government.

The republican national administration, in its pernicious efforts to force Arizona into a union with New Mexico, against practically the unanimous protests of her people, perpetrated the greatest political crime in the history of our government, and we congratulate the people of this territory that through the efforts of our distinguished delegate to congress, Hon. Marcus A. Smith, backed by the patriotic citizens of the territory, this calamity was averted.

We rejoice in the splendid success of the unbeaten and unbeatable democrat, the Hon. Marcus A. Smith, whose brilliant service in the congress of the United States, is the possession and pride of the whole territory. In spite of treachery and unheard of difficulties, Arizona, under his leadership, still retains her integrity and autonomy. We appeal to all citizens of the territory, irrespective of party to lay aside partisan prejudice and join with us on the broad platform of patriotism, and love of Arizona, and return him to the position he has so signally honored.

An Ounce of Prevention

is worth a pound of cure. There are many poor sufferers, consumptives who are hopeless of getting well—who, if they had taken care of themselves, would now be well. A cough is the foundation of consumption. Ballard's Horehound Syrup will cure that cough. Mrs S—, Great Falls, Montana, writes: "I have used Ballard's Horehound Syrup in my family for years—my children never suffer with coughs."

ARIZONA SINGLE OR A TERRITORY FOREVER

Hon. John J. Birdno, assessor of Graham county, went through a big fight last year in assessing the big mines of that county and won out, even if the board of equalization of his county was against him in the beginning. True it is, the mines of Arizona are now paying taxes on less than 8 per cent of the market value of the mines, yet Mr. Birdno took the initiative and did much to bring up mine assessments from 3 per cent of the mine value in market. How long will it take the good, bona fide residents of Graham county, those who have been paying taxes to the uttermost farthing and are making Graham county their homes in fact, to recognize in Mr. Rirdno a friend in fact and in deed? Short should be the time.—St. Johns Herald.

In another column in this issue will be found the announcement of Irving H. Knapp for treasurer of Graham county, subject to the action of the republican convention.

Mr. Knapp is a well-known Arizonan, having come here fifteen years ago, and living in Morenci the greater part of this time, where he was employed for many years in the service of the Detroit Copper Company. He is also interested in the cattle business, being associated with Jack Farrell in a cattle ranch on Bonita creek. Mr. Knapp has many qualifications for the office he seeks, and in the event of his nomination by the republican party and successful election, his administration of the office of treasurer would be successfully and honestly performed.

DON'T blame Phoenix for the Mexican meeting held within her borders last Monday. She couldn't help it.

U. S. Senators Dick and Foraker won out in the political fight in Ohio which seems to indicate that it is wise, at times, even for a president of the United States not to buck against a state organization that has led the party to victory again and again, says the Santa Fe New Mexican Party organization is a necessary preliminary for the success of party principles and but for such organization there would be no United States at the present day but an aggregation of little republics like those of Central America. With all their faults and all their abuses party organizations are a necessity in a republic.

THE portrait of President Roosevelt at the New Mexican meeting held in Phoenix yesterday was overlaid with the words of the president, "I am in favor of joint statehood," says the Republican. Well, what if he is? Perhaps if the subject had been presented to the Gackwar of Baroda, when he was visiting this country, he too would have been in favor of joint statehood for Arizona and New Mexico. But neither the president nor the Gackwas are vitally concerned. They are not residents and taxpayors of Arizona.

IT is said that the portrait of the late lamented McKinley was displayed at the Mexican meeting in Phoenix last Monday. Don't hold this against his memory. Had he been living this conglomerated mass of enemies to our territory would never have assembled.

IN this issue of the GUARDIAN appears the announcement of A. R. Lynch for school superintendent, subject to the action of the democratic convention. Prof. Lynch has been principal of the Morenci schools for several years and in this position has given good satisfaction and acquitted himself with much credit. He is a democrat of the old school, and withal a scholarly gentleman. If nominated he will be elected.

IN this issue appears the announcement of A. A. Anderson for the office of sheriff, subject to the action of the republican party. Mr. Anderson lives at Clifton and is engaged in the mercantile business, and is highly spoken of by all who who know him. He is a republican, well qualified to fill the office of sheriff and should receive due consideration at the hands of his party.

SENATOR FORAKER, of Ohio, has been vindicated by his home political convention. He will also be vindicated by Arizona's vote on November 6th. The friends of Arizona should ever hold sacred the name of Joseph Benson Foraker. He is a man that dared to do right in the face of strong party dicipline

Percy Hunt, a brother of Alex Hunt of Thatcher, committed suicide this afternoon in a rear room of the Liberal office at Lordsburg, N M. by taking a bottle of carbolic acid. There is no known reason as to why he should have committed the rash act. He was a postal clerk on the A. & N. M. railway.
